

OPEN STUDIO SUMMER SESSION 2008

July 7 – August 24, 2008

Open Studio is available to students currently enrolled in courses at the Craft Center (and only in the studio in which their class takes place) -- no guests or children are allowed. Please note that occasional weekends there will be no Open Studio because Craft Center facilities are used for other programs. These dates will be posted. Sign up as you enter the studio on the clipboard outside each studio door.

PLEASE NOTE: The Gallery Store closes at either 5:30 or 7:30, depending on the day, and the front end of the building and the atrium door are locked at that time. Building closes at 5:00 Fridays.
